

Map / directions for Mazatlán - Las Labradas, Sinaloa, day trip (Approximately 45 miles each way)

1) To begin Mazatlan day trips to Las Labradas head northwest on Highway 15.

2) Little more than 4 miles north of town Highway 20 will split off to your left. Follow Highway 20 North for about 40 miles (before you arrive at a town called Dimas) and you will see a dirt road that splits off to your left -- directly toward the beach. Take the dirt road (passable with normal vehicles) to the beach and you will be at Las Labradas!

This map is for general orientation purposes only. Mileage will vary depending on departure / destination points. We recommend paper maps published by Guia Roji that are based upon INEGI mapping data. Relying solely on internet mapping is not recommended unless you have downloaded offline maps -- cellular data coverage can be spotty along many routes in Sinaloa!
